# PEONIES *and* IRISES

IVAN W. GOODNER

R. F. D. 12, Box 214  
SEATTLE, WASH.

Since "copy" was prepared for Catalogue B, I find that my stocks of certain varieties have increased sufficiently to justify a reduction in prices, and the prices here given supersede those given in that catalogue.

I had not intended selling Irises this year, but so many of my friends who have seen them flowering in my gardens have requested prices on them that I am herewith including a complete list, with prices. All prices stated, both for peonies and irises, include free delivery, by express or parcel-post, if the order amounts to \$3.00 or more. If for less than \$3.00, please add 10 cents for each peony root and 5 cents for each iris crown or rhizome. On many varieties my stock is very limited, and you are urged to send in your order without delay, or disappointment may follow.

**TERMS:** Cash with the order, if you please. On all orders amounting to \$25.00 a discount of 10 per cent. will be allowed if cash accompanies the order.

**SHIPMENT:** Irises will be packed dry and shipped in July or August; peonies in September, October and November.

**SIZE:** Peonies, two to four eyes, with well-balanced root system. Irises, single rhizomes or crowns.

Inasmuch as you already have my peony catalogue, with descriptions and ratings, this list will merely state the reduced price.

# IRISES

Plant in a sunny position. Soil should be made loose and friable, and it should be well drained. Cover not more than half inch to one inch. Use no barn-yard fertilizer, but bone-meal is good, and they like it, and plenty of lime. July and August are best months to plant.

Descriptions refer to standards and falls, respectively.
